The War Over the Word

Jesus warns us that the Evil One, Satan, and also known as the devil has come to “snatch the word” out of the mind of the hearer. Understand the Word, hearing the Word and comprehending what is being said are absolutely critical to any life transformation power the Holy Spirit wants to make in us. If the hearer cannot hear, it does not matter what is being said!

Certain spirits specifically intent upon the interruption and interference of our hearing work to block our understanding. They do this by creating “filters” and “lenses” to shift our focus, distract us and control our perception. These filters twist and pervert our interpretation of the things that are being said and done in and around us.

This is the deliberate work of the Enemy through the Mind Binding, Mind-Bending, Mind-Altering spirits who works to keep us from understanding the Words of Life. When our minds are bound, we are not free to think freely for ourselves. When our minds are programmed and controlled by fear and the “body of death” operating systems, we are bent in the direction of the ungodly world system.

When we get swallowed up in the ways of the world, human reasoning and temptation deceive us into embracing the false solutions of the Evil One. When our minds are altered by the deaf and dumb and mute spirits and passivity, the spirits of fear snatch our thoughts so we cannot remember what was said. We are dull of hearing. When we cannot hear clearly, they twist and transpose our thoughts, mess with our frequencies, alter our brain functioning and create brain fog which makes it difficult to think.

“I can’t remember” and “I don’t know” block the operation of our will and our sound mind to gets us to agree that we do not want to “remember” what happened, as if not remembering cancels out the reality of what happened. This allows the Enemy to block out the memory and activate a spirit apathy, indifference, unbelief and passivity in the mind of the one targeted by trauma.

These spirits work with the spirit of confusion and religion which open the door for the spirit of stupor, (Rom. 11:5-11) and the first-person impersonators, anxiety, depression and deception. Rejecting the Gospel of Grace and Good News pulls us back into the gospels of good works, striving but never sure we

are good enough to get to heaven. Satan uses his gospel of good works to promote sin and the need to get rid of sin as he exercises lordship over God's children, even over those who profess to "know" God!

Ultimately, Satan's objective is to obscure the true nature of our divine origin. To do this, he must get us to agree that we are what we see ourselves doing, saying, thinking and what others are saying about us. He wants to redefine us as evil, bad, and sinners using our behavior to prove his point by using our behavior as evidence against us. It is true that we do sin, and sin often, but Satan wants us to agree with him that we are bad because we are doing "bad" things and we are doing bad things because we are bad.

The Enemy then comes in to help us "try harder be good." We are being set up on the torture rack of hell. Satan is using our divine desire to be good to set us up with all kinds of religious prescriptions for earning our salvation based on merit and not upon grace. Truly, we are being controlled by the Evil One and have no clue that the things we are struggling with are NOT us, but the work of evil spirits familiar who understand how our minds work.

They are clever and their schemes so obscured that unless we are able to "Hear and truly Understand" the Words of Life, we will remain in darkness, held hostage under the control of ignorance and futility. Satan mocks both God and us in what he has done to block our minds and blank out our awareness to hinder us from accepting the message of salvation God has sent to us through His Son and what is truly going on in the war for our eternal souls.

The truth is, Satan wants to both keep from us the life transforming revelation of the truth of God's love and redefine us according to our behavior. He does this to separate us from the truth of who we are and where we came from to get us entangled in the Snake Pit of this world. He wages war on our minds to prevent us from understanding the truth.

In the war for our minds, we must understand that our understanding is the first target. The Snatcher wants to snatch the Word out of our minds. Spirits of confusion, unbelief, religion, witchcraft, idolatry, rebellion, offense, record of wrongs, and distraction bind us to the old "body of death" operating software that operated in us as the old sinful nature and the carnal man to convince us that we are what we are doing.

We go on deceived and unaware of that deception until we come into contact with the Holy Spirit Who brings the Word of truth to us. He uses the word of God to reset the truth in our lives that Satan has tampered with. The Enemy likes to blank out our minds and transpose our thoughts until we cannot even articulate what is going on inside of us as he exposes us to daily doses of his demonic narrative and its virtual reality and mind-controlling programming.
